
Dear Colleagues,

On behalf of the Program Council of the **5th International Congress Digital Regeneration of Cities**, which will be held in **Lodz, Poland** on **April 9-10, 2025**, we would like to invite you to participate as speakers or panelists. Feel free to contact us if you are interested in topics related to the digitalization of urban processes, including in particular:

- Digital resilience of cities
- Digitalization in the manufacturing (industrial) and service sectors in cities
- Cybersecurity in the era of digital transformation - challenges for cities
- Intelligent Mobility Management and Transport Systems
- Digital culture of the regenerative city and shaping new value systems
- Virtual space in urban planning practice
- Digital tools for the circular economy
- City of future – utopia or dystopia?
- The city in the hands of its inhabitants: Participation in the age of digitalization
- Local government on the web – digitalization of public services
- AI in healthcare and public health
- Digital Technologies – Education
- Digital technologies in spatial planning
- The impact of AI on social behavior
- Can you do it differently than Elon Musk?
- Digital technologies in water management
- Practical achievements of the Smart City concept in city regeneration
- Digital technologies in crisis management in cities

The participation is free. The costs of travel to Poland and accommodation in Lodz for speakers and panelists are covered by the Organizers, The City of Lodz and Open Eyes Economic Summit. All information about the Congress and previous editions can be found on the official page <https://www.regeneracjamiast.pl/> (in Polish and English).

If you are interested in participation, please contact dr hab. **Kamil Śmiechowski**, kamil.smiechowski@uni.lodz.pl. He will answer all questions about the Congress and contact you with moderators of particular panels. The deadline is **January 12**.

Best regards,

Prof. Tadeusz Markowski and dr hab. Kamil Śmiechowski
